Introduction to Artificial Intelligence

Salymbekov University
Miss Aliia Beishenalieva
aliya.beiwenalieva@gmail.com

Lecturer

Aliia Beishenalieva

❑ Education:

- From 2023.03: **Ph.D.** in Electrical and Computer Engineering (INHA University, South Korea)
- 2023.02: **M.S.** in Electrical and Computer Engineering (INHA University, South Korea)
- 2020.07: **B.S.** in Telematics (KGTU, Kyrgyzstan)

❑ Experience:

- From 2024.09: **Lecturer** (Salymbekov University)
- 2021.03-2024.08: **Senior Researcher** (Multimedia Networks LAB, Incheon), **Teaching assistant**
- 2020.09-2021.03: **IT Specialist** (startup company, Bishkek)
- 2020.03-2020.06: **Internship in Data Engineering** (Beeline, Bishkek)
- 2019.06: **Summer school** (Koln Technical University, Germany)

Course objectives

- This course is for you if:
  - <u>If you're wondering what the AI is;</u>
  - <u>If you want to be familiar with trends of AI;</u>
  - <u>If you wonder how do neural networks work;</u>

➢ *(Artificial Intelligence)* Mastering AI: A Beginner's Journey

Course language: English
Course name: Introduction to Artificial Intelligence
Frequency: 2 times per week 80 min
Duration: from 19.01.2026. to 10.05.2026
#силлабус (контент) может меняться по усмотрению преподавателя

Mastering AI: A Beginner's Journey

Schedule:

Week1	Introduction, History of AI
Week2	Presentation topics on History of AI
Week3	Traditional AI, Python Programming Recap
Week4	Traditional ML practical session
Week5	Types of learning: supervised learning
Week6	ML libraries, Linear regression
Week7	Linear regression
Week8	Classification
Week9	Types of learning: unsupervised learning, Clustering
Week10	K-Means, Decision tree
Week11	Types of learning: reinforcement learning
Week12	Reinforcement learning, Practical Session
Week13	Project implementation
Week14	Project presentations
Week15	Project implementation
Week16	Exam

Grading Policy

- ❑ Attendance: 10%
- ❑ Midterm: 20%
- ❑ Students project 40%
- ❑ Assignments: 20%
- ❑ Extra points: 10%

If you get F (less than 40) you will have to take this course for summer semester (June, July, August)

Class absence summary

- **Skipping class without a reason:**
  - If you are more than 10 minutes late, you will have to stand by the door until the end of the class

!!! Please don’t call/text me after 6pm (18:00) and during weekends

Notes & HW

- ❑ **GitHub account**
- ❑ **New repository: Introduction to AI**
